

COST REDUCTION SOLUTIONS FROM MRO SOLUTION

As an expert in industrial MRO supply and distribution, we offer our partners flexible solutions. Our adaptable, innovative service system ensures controlled supply and distribution of resources, materials, tools and PPE, as well as consumables and industrial goods via www.factoryuse.com.

SPECIAL SUPPORT AND CLEAR ADVANTAGES

We provide customers with more than just products – a complete, modern service system with optimization proposals. Alongside the supply and distribution of industrial goods, we offer transparent solution packages tailored to each customer's requirements.

TAILORED SOLUTIONS AND SUPPORT

Through our expert consulting system, we help customers optimize the purchasing and management of PPE and consumables, making supply traceable and reducing costs. Our e-shop factoryuse.com and MRO services are easy to monitor, with a positive impact on production and operations.

COMPLETE CONTROLLED USAGE CYCLE

accessibility – increased efficiency – process control – operational safety – compatibility – savings – record-keeping
